

ORGANISED BY THE ROTARY CLUB OF ROYSTON

Relaxing at the last Kite Festival Show. I look forward to it starting again.

The Shows that Weren't!

Of course we have now had two years with no shows because of our dear friend Covid. Providing the dreaded virus doesn't have some sort of revival then the intention is to get back to normal (I can hear the cheers) and have both shows this year. I don't know about you but at my time of life I quite resent the loss of nearly two years of freedom, although I understand the need. I think that it is now much more important to get back to life as we knew it. Speaking of that, things will possibly be changing at the Kite Festival show from 2023. The area we currently use for the KF is actually designated as a SSSI (Site of Special Scientific Interest) and so the conservators of Therfield Heath are keen that we stop using it. This year will be on the same site but in 2023 it might move across the heath to just outside the Heath Café. We did have the vehicle show at the Open Secrets event in that area some years ago and it is another wonderful site that does the shows justice.

**Historic Vehicle Show
May 2nd only**

Name: _____
Address (if changed)

Postcode: _____

Vehicle Make: _____

Reg Number: _____

Year of Manufacture: _____

I will attend May 2nd **Yes/No*** August 7th **Yes/No***
Free entry for both shows as usual, but donations gratefully received. If you received a paper invite and in future you would prefer to be contacted by Email (**saving you 68p and Rotary 200 x 68p in stamps!**) please add your Email address:

Ray's Ramblings

As mentioned elsewhere, The Kite Festival show might be changing to a slightly different site next year (2023). This site will actually be better in several ways as it will be flatter and with a larger area available. As ever please spread the word to others about the Kite Festival show, it really is a lovely day out. I hope that you have managed to get sufficient use out of your vehicles during the Covid era. My XK8 has certainly been used far less as it didn't get it's usual annual trips to Europe. Hopefully it will be back on its way to Italy this September though. Once again the shows will be free for exhibitors. I would point out though that in 2021 we encountered all the expenses for producing the brochure but received no income at all. Therefore as ever voluntary contributions on the day would be even more appreciated this year. Also at the Kite festival show please note that if there is any chance that your vehicle might drip oil please do put something underneath to collect it.

One of our larger attendees.

My, what beautiful big eyes you have!

Answers to the 2020 quiz (which still took place despite Covid), won by Colin Street, are:

- 1 Which effort saving invention was first commercialised on Oldsmobiles in the 1940s? Automated gearbox
- 2 Which V8 machine designed by Giulio Carcano participated in major races in 1955 to 1957? Moto Guzzi V8
- 3 Which car was famously driven on TV by a very good person and whose manufacturer is more commonly associated with solid, functional cars? Volvo P1800 (The Saint)
